Meeting at TJC West

December 10, 2011

The Prez Says:

Hello ET Turners,

This is the last *Pres Says* for my term as President. When I started these articles, I wanted to have each offer something to help us turn better or be humorous or both. This month, I want to do something different; I want to thank some folks in our club and offer a challenge to each member. First, your **Steering Committee** gets a huge "Thank You." As someone who tends to see a problem and wants to go fix it immediately, I have learned to rely on the wisdom of this Steering Committee to make decisions. They always come through. My one suggestion to **Wayne** as he takes over for next year would be to continue using the S/C to provide inputs before making decisions.

I also want to thank **Mike** for producing what I consider the best Newsletter of any club in AAW. Thanks to **Ken** for all his work scheduling demonstrators and demonstrations for our meetings

and classes. And a big "Thank You" to **Mr. Pita**. Ed is our resident contrarian that keeps all of us honest, never afraid to present the other view.

During my 2 years leading this group, we implemented teams with Team Leaders to provide the many services required to make our club meetings successful and flow smoothly. Thanks to the Welcoming team under **Tom Canfield**. Thanks to the A/V team under **Ed Heuslein** that allows us to hear and see during our meetings. And thanks to all who have helped with the Set-up and Clean-up Team under **Charles** initially and now **Dennis**. And last but not least, thanks to the Photograpy crew under **Reynol**. All the teams do a fabulous job!

My challenge-Make a major effort to bring some new blood into our club. As you look around at the next meeting, you will see lots of gray. Not only do we need new members but we need young members. Several had brought some teens to our club meetings and to MOST Day and I especially salute you for working with the young folks.

Prez Says continued from page 1

Continue to promote our club to others and specifically, to young folks, male and female. These young people may not continue turning as their young adult life gets complicated, but may return to turning in the future. Think of it as an investment in our future: you never know what long term influence you can have on these young folks. And, I am always available to work with any youth interested in turning.

It has been a pleasure being President of our club and I intend to continue helping wherever necessary.

Honorary Stamp Announcement

A small but tenacious group of woodturning enthusiasts have coerced the United States Postal Service into creating a 25 cent stamp to honor Mr. Paul A. Coppinger for his past and continued service to the East Texas Woodturners organization. Soon, you will be able show your friends and associates your appreciation of Mr. Coppinger's endeavors for just 2-bits. Of course, in line with usual government practices, the stamp's value is not sufficient to allow you to actually mail anything. – Editor

The ETW Steering Committee is recommending that members participate in the **Beads of Courage** program. This program aids children undergoing treatments for cancer. **Tom Crosby** is the ETW representative for this program. Check with him for more information or go to <http://beadsofcourage.org>.
