The Turning Times is published monthly as an information source for members of the East Texas Woodturners (ETW). ETW is a chapter of The American Association of Woodturners (AAW) and is committed to serving woodturners in the East Texas area surrounding Tyler, Texas. The ETW Chapter joins with the AAW in its dedication to providing education, information and organization to those interested in woodturning.

Meeting at TJC West

July 11th, 2009

The Prez Says:

Hello ET Turners,

A very busy and enjoyable month is finally over. The busy part was members doing their part in putting together the workshop days and the club demo. We owe **Ken Terrell and Paul Coppinger** a very big **THANK YOU** for their work in getting and hosting the workshop days. Also, a **BIG THANK YOU** to all of the members who brought their mini-lathes and to all that helped in any capacity. A special **BIG THANK YOU** to **Donna Coppinger** for her support and for **being a very gracious hostess**.

The enjoyable part of the month was having Jimmie Clewes in to present his

world renowned workshops and club demo. Both were outstanding and impressive and the club demo was enjoyed by a club record of 102 in attendance with several visitors that we would like to invite to come back soon. **(Jimmie has been invited and accepted an invitation to come back in June of 2011).**

For the July demo, we welcome **Dennis Ford** and his program of **"Turning without a Chuck"**. This should be a very interesting demo for new turners and all of us that do not have a shelf full of chucks. A lot of beautiful work can be accomplished without the use of the chuck and Dennis does beautiful work. I believe this is the first club demo for Dennis, so come out and support and learn some good information.

The **Setup/Clean Up** volunteers for July are: **Tom Canfield, Tom Crocker, Myron Friend, Don Osado, Harvey Ramsey and Floyd Brigdon.**

Keep a sharp tool and let the chips fly, **Charles**

WELCOME NEW MEMBERS

ETW had one new member join in June. Please welcome **Gary Griffin** to the club. – **Bill Holmes**

Woodworking Exposition

**Big Town Expo Center, Mesquite TX
October 23-25, 2009**

The producers of the this event have invited ETW to participate. They will provide a free booth where ETW can display turnings or setup a lathe and demonstrate. ETW will not be allowed to sell items. The booth would have to be manned all three days. The hours are current ly unknown, but probably a half-day on Friday and full days on Saturday and Sunday. The minimum work crew would probably be two people per half-day. In the past, booth workers have received free admission.

The club is awaiting further detailed information, but this invitation will be an agenda item at the meeting on July 11th. Please be prepared to discuss its viability and your possible participation.

SWAT Update

Mark your calendars. SWAT is October 16-18, 2009 in Wichita Falls, TX.

On-line registration is now open. Also, there will be registration forms in the Library at the club meetings between now and then.

Lead demonstrators this year are: Stuart Batty; Jimmy Clewes; Jamie Donaldson; Steven Hatcher; Mike Mahoney; and Michael Mocho. What a line up!

Just a heads-up. Jamie Donaldson will be demonstrating how to photograph your turnings. He is a professional turner and a retired professional photographer. This is a rare opportunity to learn the right way.

Stuart Batty and Mike Mahoney will be doing their "Dueling Bowls" demo where they simultaneously turn bowls, showing their individual techniques. I've seen this and it's just a great opportunity to learn from two masters and be entertained as well. This is a "Must See."

One more thing. The Regional Demonstrator line-up is the best ever at SWAT. Our own John Leonard stepped up to the task and has nailed down some of the finest demonstrators in the country.

Plan to attend. You won't be sorry. And, plan to bring some of your work for the Instant Gallery. You will be glad you did after it's all over.

Please contact me if you have any questions. – **Ed Heuslein**
